OEM / ODM · Custom Designs Welcome

Direct China Sourcing. Tailored for Growing Businesses.

Precious Hallucy Company Limited is a Hong Kong-based sourcing company helping growing businesses import directly from China's top factories, without the resources to manage cross-border supply chains themselves. With over 10 years of sourcing expertise in fire-fighting grooved fittings and valves for 6 continents and 14 countries, we have delivered tailored sourcing solutions to more than 300 global clients.

Building on this foundation, we expanded into pet furniture in 2026.

OUR PARTNER FACTORY

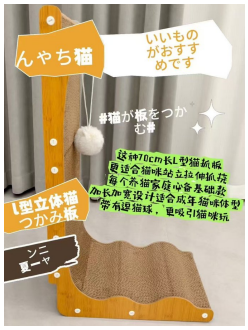

Our pet furniture partner factory, located in Qingdao, Shandong, has nearly 10 years of specialisation in the cat-scratcher category. It is a modern manufacturer integrating design, production, sales and trade, covering 5,500 sqm and equipped with 20 imported CNC engraving machines -- with a full product range spanning cat houses, scratching boards, cat trees, dog beds and pet toys, supporting bulk customisation and cross-border export.

Acting as your trusted, on-the-ground team -- from custom sourcing and rigorous inspection to secure shipping -- we handle the entire chain seamlessly so you can focus on scaling your brand.

OEM / ODM -- Custom Designs Welcome

Send us your drawings or ideas: we support fully custom shapes, prints, sizes and packaging for cat scratchers and pet furniture.
